MONTHLY MESSAGE

A Little History - Some interesting facts about July 4th..... On June 11, 1776, Thomas Jefferson was appointed to a five man committee, alongside John Adams of Massachusetts, Roger Sherman of Connecticut, Benjamin Franklin of Pennsylvania and Robert R. Livingston of New York that were charged with drafting a formal statement justifying the break with Great Britain. Jefferson was given the task of drafting the Declaration of Independence which would become the foremost statement of human liberty and equality ever written.

The tradition of patriotic celebration became even more widespread after the war of 1812, in which the United States again faced Great Britain. In 1870, the U.S. Congress made July 4th a federal holiday; in 1941, the provision was expanded to grant a paid holiday to all federal employees. Over the years, the political importance of the holiday would decline but Independence Day remained an important national holiday and a symbol of patriotism.

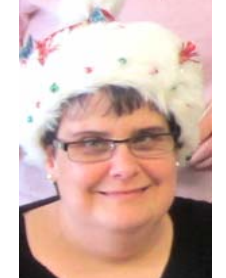

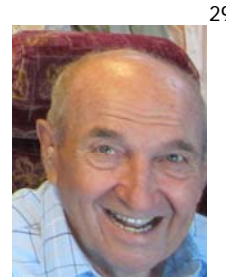

Falling in mid-summer, the Fourth of July has since the late 19th century become a major focus of leisure activities and a common occasion for family get-togethers, often involving fireworks and outdoor barbecues. The most important symbol of the holiday is the American Flag. *(from Thomas Jefferson Drafts the Declaration of Independence)(History.com)*

Enjoy this national holiday with your family and friends. The fun begins at 4:00pm. Bring the family and join everyone for an evening of Fun, food, music and fireworks! Fireworks start at dark (approx 9:00pm) at Heuser Park. Raindate: July 5, 2012

Happy Independence Day!

NEWSWORTHY

UMSSC BIRTHDAYS

Members birthdays for July and August will be celebrated at the September General Membership Meeting.

POWER OUTAGES AT THE SENIOR CENTER

For safety reasons, whenever there is a power outage at the Senior Center, it will be necessary for the center to close. *Please honor this request; it is made to insure your safety.*

GOLD’S GYM (THE FACTORY)

The township is progressing in the move to upgrade the former Gold’s Gym at the swim club on Valley Forge Road as a community center. They have selected an architectural firm to begin developing plans to modify the building. A group of UMSSC members attended the township meeting to review the architect candidates prior to selection. The architects did not present designs, but did discuss possibilities. The winning team is **Buell, Kratzer, Powell** and they will tour our center early in the process to learn what and how we operate.

PLEASE COME BACK TO TAI CHI!

Where are all of the people who expressed interest in Tai Chi with instructor, Peter? He has been back since April and we thought more people would be coming back. When we first started Tai Chi our interest list had over 50 names on it. Where are all of you now? We encourage more members to come and try the class with Peter.

DID YOU KNOW . . .

. . . more has happened on July 4th than declaring American independence.

We all know that this is America’s birthday, the day that our country declared its independence from England, but what else happened on this day in history?

On July 4th, 1826, the 50th anniversary of the adoption of the Declaration of Independence, two of America's founding fathers died. Both John Adams and Thomas Jefferson, our country's second and third presidents, respectively, died on this day in 1826. Just five years later, James Monroe, the fifth president, died on July 4th, 1831.

In the literary world, July 4th is known for at least two famous publications. The first edition of Walt Whitman's frequently revised "Leaves of Grass" was published on July 4th, 1855. The first volume contained 12 poems, which were rewritten and added to over the years. On July 4th, 1862 author Lewis Carroll created "Alice in Wonderland" for Alice P. Liddell. Three years later on July 4th, 1865, the first edition of "Alice in Wonderland" was released.

On July 4th, 1863, Confederate General John C. Pemberton surrendered to Union General Ulysses S. Grant at Vicksburg during the Civil War.

The entertainment sector has seen its share of momentous events that happened on the 4th of July. On this day in 1832, "America" was first sung in public and in 1883 Buffalo Bill Cody presented his first Wild West Show in North Platte, NE. In 1961, four years after the death of her beloved "Bogie", actress Lauren Bacall married actor Jason Robards. July 4th 1969 was the day that 140,000 people attended the Atlanta Pop Festival featuring Led Zeppelin and Janis Joplin.

Sporting events are no stranger to happenings on the 4th either. In 1905, a 20 inning baseball game was played with the Philadelphia A's eventually beating the Boston Red Sox 4-2. The first U.S. motorcycle race was held on this day in 1914. It was 300 miles long. Baseball saw two significant events in 1939. Red Sox player Jim Tabor hits two grand slams in one game. It was the same day that the Yankees retired their first jersey, Lou Gehrig's #4. In 1960, the New York Yankees' Mickey Mantle hit his 300th career homer. And on July 4th 1984 NASCAR driver Richard Petty won his 200th race at the Firecracker 400 in Daytona Beach, FL.

Famous people born on July 4th include Yankee Doodle Dandy George M. Cohan, mobster Meyer Lansky, propagandist Tokyo Rose, advice columnists and twin sisters Abigail Van Buren and Ann Landers, actress Eva Marie Saint, playwright Neil Simon, R & B singer Bill Withers, newscaster Geraldo Rivera, and singer John Waite. *From Today in History by Becky Smith, Yahoo! Contributing Network*

MEMBER SPOTLIGHT ON . . .

ED HICKMAN – THE "ARTIE SHAW" OF UMSSC

What is a band without a leader? It's definitely not a band. That's why we count our lucky stars that we have Ed Hickman to lead the UMSSC Band. Ed has a lot of talent. Not only does he lead the band, but he has taught some of our members to play an instrument or has re-introduced them to an instrument they may have played when they were young. Ed plays the clarinet and the saxophone.

Ed and his wife Jackie have two children and four grandchildren. Ed's little granddaughter, Ella, sometimes comes to band practice with him and pretends to be playing music along with her grandfather.

Before his retirement in 2004 from Lockheed Martin, Ed worked at the Navy Yard on the Trident submarine. *However, according to his wife, his first love is and always will be music.*
